Index—January-December, 1927

A

	Month	Page
Abrasion		
Resistance Not Related to Brinell Hardness	Sept. 15	722
Test, Perform Sliding	Sept. 15	722
Abrasive Coating on Cast Iron	Dec. 15	962
Accomplishments, Scan Society's	July 15	557
Acid Dip For Brass Castings	May 1	350
Acid Dip, Gives Bright	Nov. 1	850
Acid Resisting Bronze	Feb. 15	138
Adapts Wood Turning Methods to Pattern Shop Production	July 1	533
Advocates Synthetic Sand	Aug. 1	612
Air Equipment Required for Brass Shop	June 15	469
Air Furnace Practice, Describes	Oct. 15	818
Air Furnace Practice, Gives	Nov. 15	902
Alexander, Character Sketch of, John	April 15	322
Alkalies on Iron Baths, Effect of	Oct. 15	818
Alloy		
Additions to Cast Iron	April 15	298
Castings, Discuss Contraction of	Jan. 1	20
Does Not Shrink	July 1	523
For Bronze Tablet	April 15	315
For Easy Machining	Jan. 15	55
For Valve Seats	Oct. 1	765
Resists Pressure	Feb. 15	138
Turnings, Melting	March 1	181
Wants Die-Cast	Nov. 15	894
Wants High Lead	April 15	315
Wants Type Metal	June 15	486
Withstands Salt Water	Nov. 15	894
Alloys, Casting of Light	Feb. 15	151
Alloys Iron Electrically	June 1	433
Alloys, Uses Gas to Melt Nickel	Aug. 1	604
Alloying Is Necessary, Skillful	Dec. 15	966
Aluminum		
Added to Bronze May Exchange Oxides	Jan. 15	55
Additions to Copper-Zinc Alloy	Jan. 15	55
Affects Soundness	Aug. 15	658
Alloy Contains Dross	May 15	402
Alloy for Sweeper Nozzles	March 15	227
Alloy Pits	May 1	350
Alloy Resists Pressure	Feb. 15	138
Alloy Surface is Porous	June 1	443
Alloys Resist Salt Water	Nov. 15	894
And Its Alloys, Observations on Casting	Nov. 1	847
Brass, Explains How to Handle	July 1	522
Castings Crown Pittsburgh Shrine	April 15	292
Castings, Japanning	Sept. 15	740
Castings, Methods of Gating	Nov. 1	847
Castings Show Defects	April 1	264
Castings Show Pinholes	March 15	227
Castings Used for Church Spire	April 15	292
Co. of America Makes Castings for Spire	April 15	292
Core Cracks	Nov. 15	891
Flasks, Makes	Oct. 15	826
Gating Is Important in Casting Sound	Nov. 15	891
Industry, Traces History of	May 1	348
Is Fluxed with Chloride of Zinc	Nov. 1	847
Overcome Shrinkage in	Nov. 15	891
Pistons, Tells Merits of Cast	April 15	310
Scrap, Melts	Feb. 15	138
Silicon Alloys, Modified	May 15	391
Silicon Alloy Used for Spire Castings	April 15	292
Solder, Want Better	Jan. 15	58
Temperature, Control	March 1	177
Sweeper Nozzles are Defective	March 15	227
Temperature, Control	March 15	213
Trays, Casts	June 1	443
American Abrasive Metals Co., Description of	Dec. 15	962
American Cast Iron Pipe Co., Casts Pipe	Jan. 1	5
American Ceramic Society Publishes Bibliographies	April 1	284
American Engineering Co., Designs Small Hoist	Oct. 15	826
American Engineering Standards Committee Publishes Safety Codes	Nov. 15	875
American Foundrymen's Association		
Holds Convention	June 15	458
Announce Winners for Apprentice Contest	June 15	463
Elects Three New Directors	June 15	462
Names Authors of Annual Exchange Papers	Feb. 15	128
Nominate Directors and Officers for	March 15	231
Overseas Guests, Hold Reunion of	Nov. 1	861
Sessions, Announce Schedule of	Dec. 15	965
Schedule Announced	Feb. 1	99
Shape Plans for Exhibit	Nov. 15	906
Will Meet in June	Feb. 1	99
American Gas Association Holds Meeting	Nov. 1	861
American Industry Combines to Span the Atlantic	June 15	470
American Institute of Mining and Metallurgical Engineers hold Meeting	Dec. 15	984
American Monorail Co. Makes Box Car Loader	April 15	329
American Radiator Co., Description of Buffalo Plant	July 15	550
American Radiator Co., Description of Plant of	Aug. 1	588
American Radiator Co., Description of Sand and Mold Handling System of	March 15	217
American Society of Mechanical Engineers Holds Annual Convention	Jan. 1	11
American Society of Mechanical Engineers Holds Meeting	Aug. 1	613
American Society of Mechanical Engineers Meets in Buffalo	May 15	379
American Society of Testing Materials Holds Annual Meeting	July 15	555
American Society for Testing Materials Recommends New Test Bar	April 1	268
American Society for Testing Materials Reviews Year	Feb. 15	128
American Welding Society Expands	Feb. 15	128
An Engineer Visualizes Foundries of the Future	Oct. 15	790
An Engineer Visualizes Foundries of the Future	Nov. 1	844
Analyses		
For Automotive Castings	July 1	512
For Bronze Tablet	April 15	315
Of Acid Resisting Bronze	Feb. 15	138
Of Alloy for White Metal Patterns	March 1	181
Of Aluminum Solder	Jan. 15	58
Of Balls for Grinding Cement	Feb. 15	150
Of Brass for Switches	Feb. 15	138
Of Cast Iron for Fender Dies	April 15	316
Of Cast Iron for Ice Machine	April 15	327
Of Cast Iron Samples	June 1	427
Of Dolomite	Feb. 1	96
Of Foreign Cast Iron	April 15	298
Of Iron After High Temperature Test	Jan. 15	68
Of Iron for Sand-Cast, Centrifugal Pipe	Jan. 1	5
Of Iron Used in Fatigue Tests	June 15	472
Of Mixtures Containing Nickel	May 15	399
Of Molding Sand	Feb. 1	100
Of Open-Hearth Slags	Feb. 1	96
Of Steel Castings	Dec. 15	950
Of Test Bars in Temperature Tests	Jan. 15	55
Analyzes		
Brass Rapidly	July 15	576
Brass by Volatilization	Oct. 15	818
Four Hundred Tons of Defective Castings	Sept. 15	716
Loam	Oct. 15	818
Ancient Art Perfected in Eastern Bell Shop	Feb. 15	122
Anneal Cast Iron Pipe	Jan. 1	5
Annealing		
Furnace Has Bottom Door	Sept. 1	674
Furnace Is Controlled Automatically, Electric	Sept. 1	674
Pots Are Made from Castings	June 1	417
White Heart Malleable, Chemistry of	Feb. 15	151
Anvils, Method of Casting	Sept. 15	724
Anvils For Eighty Years, Specializes in	Sept, 15	724
Apparatus, Describes Modern	March 15	241
Apprentice		
By Merit, Grade	July 1	516
Cities Combine to Train	May 15	380
Days, Recalls	Dec. 1	938
Foundry Needs More	June 15	463
Method of Classifying	July 1	516
Method of Rating	June 1	444
Pittsburgh Trains	Nov. 15	889
Problem Is Getting and Holding Boys, The	Aug. 1	593
Supervisor Has Charge of Program	May 15	380
System of Ford Motor Co. Described	March 15	204
Talk, Hear	Nov. 1	861
Train	March 15	241
Training Course Makes Molders	June 1	444
Apprenticeship and Compensation Were Noted	May 15	380
Arc Furnace Design Involves Numerous Features	June 1	436
Arc Welder Is Portable, New Electric	Feb. 15	157
Arms Crack? Why Do Pulley	Sept. 1	695
Artist's Skill Demanded in Making Heroic Statuary	June 1	418
Ask Me Another	Sept. 15	736
Attendance Contest Inaugurated	May 1	370
Attention, Getting the Buyers Interested	July 1	508
Auto Jobbing Shop Keeps Floors Busy	July 1	512
Automatic Device Carries the Mold Away	Feb. 1	84
Automobile Foundry Employs Continuous System, French	Oct. 1	748
Automotive Castings Made on Molding Machines	July 1	512

B

	Month	Page
Bake Cores in Gas Furnace	Nov. 1	851
Bakes Cores Electrically	May 1	362
Balls in Metal Molds, Cast White Iron	March 15	231
Bars, Molding Brass	April 15	315
Bath Tubs Are Made in Australia	Feb. 15	129
Bearing Mixture, Gives	Dec. 1	923
Bearings Contain Holes	Sept. 15	730
Bearings, Grease Seal Protects	Aug. 1	621
Bearings Not Lubricated	Feb. 1	108
Bed Causes Cold Metal, Low	July 1	519
Bed Parts in Chills, Cast	April 15	304
Bed Same for Small as Large Heat	May 1	349
Beginners, To Teach	June 15	499
Belgian Foundrymen Hold Meeting	May 15	385
Belgian Foundrymen Meet	April 15	319
Bell, Requests Size of	Jan. 1	16
Bells, Molds for Sleigh	Feb. 15	122
Berkshire Mfg. Co., Makes Pattern Plates	April 1	270
Bill		
Calculates Bricks in Melting Zone	Dec. 15	968
Decides to Cut Out Long Words	Aug. 15	655
Describes Making of Iron Pots	May 1	351
Describes Making of Mine Car Wheels	July 1	530
Describes Varieties of Pipe Cores	Feb. 15	144
Describes Ways of Casting Valves	April 1	275
Discusses Worms and Brass Castings	Sept. 1	687
Explains How to Prevent Corrosion	June 15	488
Favors More Giddy Hats	March 1	186
Finds a Wonderful Story in the Newspaper	Aug. 1	608
Gives a Recipe for a Clean Roll	Dec. 1	935

	Month	Page
Gives Advice on Small Cupolas	July 15	570
Glances Back Over the Years	March 15	228
Hears Home News from Abroad	Feb. 1	109
Indulges in a Friendly Argument	Jan. 1	21
Is Introduced to a Prospective Foundryman	Sept. 15	731
Listens to the Interesting Blacksmith	June 1	440
Makes Casting for a Superheater	May 15	406
Recalls Hallowe'en Pranks	Nov. 1	855
Secures Historical Dope on Chaplets	April 15	311
Sees Copper Tuyeres Made	Nov. 15	895
Speculates on Lucky Breaks	Jan. 15	60
Tells Where Cats Fit in the Foundry	Oct. 1	776
Traces the History of a Brass Casting	Oct. 15	809
Binder, Reduce Core	Oct. 15	823
Binders, Characteristics of Materials Used as	Dec. 15	971
Black & Decker Mfg. Co., Changes Grinder Design	Aug. 15	665
Black & Decker Mfg. Co., Designs Hole Saw	April 1	288
Black & Decker Co., Develops Electric Motor Hammer	Oct. 15	826
Black & Decker Mfg. Co. Makes Grinder	June 15	505
Blackheart Process, Describes	Oct. 15	818
Blast for Two Cupolas, One Fan Supplies	Jan. 15	80
Blaw-Knox Co. Develops New Type of Steel Grating	Feb. 15	157
Blowholes, Pipe Causes	Oct. 1	765
Bond of Cores, Tests Green	May 1	354
Bond, Restore Molding Sand	March 15	236
Book Review:		
A Directory of Commercial Testing and College Research Laboratories	July 15	584
A Primer of Simplified Practice	Feb. 15	137
Aluminum and its Alloys	Jan. 15	78
Annual Report of the Bureau of Mines	Jan. 15	69
Annual Report of the Bureau of Standards	Jan. 1	29
Bulletin No. 156 University of Illinois	Feb. 15	143
Clays, Their Occurrence, Properties and Uses	Nov. 1	854
Danish Foundrymen's Handbook	May 15	408
Engineering Index	Aug. 1	619
Fatigue of Metals	Sept. 1	682
Feuerfeste Baustoffe fur Kammern der Kokerei-und Gaswerksofen	June 15	480
Foremanship	Sept. 15	718
Industrial Furnaces, Vol. II	Jan. 15	80
Industrial Turmoil	Oct. 1	780
Investigation of Thermoelectric Properties of Invar Alloys	May 1	356
Manuel des Laboratoires Siderurgiques	June 15	469
Metallographic Researches	Feb. 15	149
Metallurgy	Aug. 1	603
Non-technical Chats on Iron and Steel	June 15	480
Oxwelder's Manual	Feb. 1	98
Patents: What a Business Executive Should Know About Patents	March 1	176
Principles of Metallurgy of Ferrous Metals	April 1	284
Proceedings of the American Society for Testing Materials	March 15	247
Relationships Between Hardness Numbers	April 15	330
Respirators for Dusty Air	April 15	330
Simplified Practice	April 15	331
Stainless Steel, a Digest with Abstracts and Bibliography	Jan. 15	79
Tables Annuelles de Constants et Donnees Numeriques,		
Art de l'Ingenieur et Metallurgie	Feb. 15	128
Tentative Standards 1926	Jan. 1	11
The Metallurgists Manual	Dec. 15	983
Tool Control	June 15	485
Wage Scales and Job Evaluation	March 15	247
Borings, New Metal Additions to	Jan. 15	58
Botfield Refractories Co. Designs Spray Gun	July 15	583
Bottle Beverages for Thirsty Multitudes, Castings	Dec. 1	911
Boys, the Apprentice Problem is Getting and Holding	Aug. 1	593
Brake, Develops New	July 1	546
Brass		
Analysis for White	May 15	402
And Bronze Furnaces in Use in United States and Canada, Electric	Oct. 15	805
Ashes Recovered by Mill and Riffle Table	April 1	254
Bars, Molding	April 15	315
Bright Acid Dip, Gives	Nov. 1	850
Bushings Contain Oxides	July 1	523
By Volatilization, Analyzes	Oct. 15	818
Casting, Bill Traces the History of a	Oct. 15	809
Casting Poured at Too Low Temperature	July 15	563
Casting Sand Too Fine	Sept. 1	686
Castings Are Porous	Aug. 15	643
Castings, Discusses	Sept. 1	687
Castings for Electrical Fixtures	April 1	264
Castings Made in Foundry	Sept. 1	668
Castings Must Be Warmed, Insert in	Jan. 15	58
Castings Poured on Fifth Floor	April 1	250
Castings Show Holes	Aug. 15	643
Chemical Composition of	Aug. 1	595
Desulphurizes	Aug. 1	595
Does Not Stand Pressure	Aug. 1	598
Explains How to Handle Aluminum	July 1	522
Faucets Split	July 1	523
Ferrules, Casting	Jan. 1	16
Foundry Engages in Popular Fad	Sept. 15	736
Foundry Losses, Reduce	June 15	468
Foundry Products Carried by Gravity	April 1	250
Fumes Cause Discomfort	Sept. 15	736
Furnace Lining Described	Sept. 1	683
Gives Trouble	Nov. 15	894
Investigated	July 15	559
Kind of Scrap Used for	Aug. 1	595
Made from Scrap	Oct. 15	808
Melted in Electric Furnace	Sept. 1	683
Melted in Oil Furnaces	April 1	250
Melting	Aug. 1	595
Metallurgy—I, Explains	Aug. 1	595
Metallurgy—II, Explains	Aug. 15	639
Metallurgy—III, Explains	Sept. 1	683
Must Be Hard	May 15	402
Must Be Protected from Combustion Gases	Aug. 15	639
Not of Proper Composition	Nov. 15	894
Practice, Checks	May 1	350
Rapidly, Analyze	July 15	576
Shop, Air Equipment Required for	June 15	469
Shop Reduces Molding Losses	July 15	560
Temperature of Molten	March 1	182
Temperatures, Want	Aug. 1	598
Turnings, Steel in	Jan. 15	58
Use Care in Pouring	Jan. 15	58
Using Scrap	March 1	181
Brazing, Leaks After	Dec. 15	966
Bricks in Melting Zone, Bill Calculates	Dec. 15	968
Brinell Hardness Not Related to Abrasion Resistance	Sept. 15	722
Bring the Benefits Home	Dec. 15	957
Britain Displays Industrial Products	April 15	303
British and American Practice Differs	Feb. 1	90
British Association Meets	Aug. 1	605
British Cast Iron Research Association Holds Meeting	Jan. 15	64
British Foundrymen		
Consider Cupola Linings	Nov. 15	908
Hear Talk	Jan. 15	76
Hear Talk on Bronze	Dec. 1	934
To Hold Annual Meeting	June 15	504
To Hold Meeting	March 15	210
Visit Laboratories	Feb. 15	132
British Institute of Metals Holds Annual Meeting	April 15	314
British Institute of Metals Meets	Oct. 1	779
British Watch Grinding Wheels	July 15	575
Bronze		
Acid Resisting	Feb. 15	138
Alloy for Tablets	Jan. 1	2
Alloy for Valve Seats	Oct. 1	765
Bushing Sweats Lead	Dec. 15	966
Castings, Aluminum Affects Soundness of	Aug. 15	658
Castings for Gasoline Torches	Dec. 15	966
Castings, Methods of Molding	July 1	536
Castings Spoiled by Holes	Jan. 1	16
Color, Wants	Dec. 1	923
Describes Early Casting in Copper and	Oct. 15	812
Gear Formula, Gives	Sept. 1	705
Gears, Casting	April 1	264
Gives Talk on	Dec. 1	934
In Cupola, Melt	Aug. 15	643
Melted in Oil Furnaces	June 1	418
Melting Phosphor	Aug. 1	598
Mixing Phosphorus	May 15	402
Mixture Formulas, Gives	Sept. 15	730
Mixture, Gives	Dec. 1	923
On a Forge, Melts	Dec. 1	923
Rollers Spoiled by Inclusion, Manganese	July 15	563
Sleeves Contain Holes	Nov. 1	850
Tablets Mark Historic New England	Jan. 1	2
Tablets, Molds	April 15	315
Tablets Turn White	Feb. 1	108
To Weld Iron Pipes, Uses	Feb. 1	106
Welding Cast Iron Pipe	Oct. 1	763
Uses Nickel in	July 15	576
Bubbles Form on Castings	Aug. 15	664
Buffalo Forge Co. Designs High Speed Drill	Feb. 15	158
Buffing Machines Have Variable Speeds	April 15	328
Buick Foundry, Equipment Handles Sand in	Dec. 1	925
Buick Foundry Meets Peak Load Needs	Nov. 1	830
Builds Continuous Shop	June 15	481
Builds Gears with Steel Ring and Cast-Iron Center	Sept. 1	700
Burnside Steel Foundry Co., Description of Plant of	Aug. 15	626
Business Paper Editors Meet at Washington	April 1	268

C

	Month	Page
Calcium Content, Determine	May 15	411
Calcium in Aluminum Alloys, Estimates	May 15	411
Caldwell & Son Co., Develops New Speed Reducing Unit	July 15	584
Canada Holds Power Show	Oct. 1	768
Cannon Mold Carried a Water Core Barrel	Jan. 15	59
Capacity and Output of Electric Steel Industry	Jan. 1	17
Car Wheel Analysis, Presents Standard	Oct. 15	817
Car Wheels, Specifications for Gray Iron	Sept. 15	729
Carbon Pig for Malleable, Need Low	May 15	409
Care Needed in Handling Materials	July 1	540
Caring for Motor Insulation	Sept. 1	678
Cast Bed Parts in Chills	April 15	304
Cast in Boston, He Made the Last Iron Gun	Oct. 1	780
Cast Pipe Produced by the de Lavaud System	Feb. 1	102
Cast White Iron Balls in Metal Molds	March 15	231
Cast Iron		
Abrasive Coating on	Dec. 15	962
Alloy Additions to	April 15	298
Analyses of Foreign	April 15	298
And Nonferrous Metals, Test Fluidity of	Oct. 15	800
Center, Builds Gears with	Sept. 1	700
Completes Fatigue Tests on	Nov. 1	869
Data, Gives	Dec. 15	978
Density of	April 15	298
Desulphurizes	Oct. 15	818
Volume Change in, Describes	Sept. 15	740
Explains Graphite Formations in Gray	Oct. 1	758
For Fender Dies	April 15	316
Gives a Rapid Method of Analyzing	Aug. 15	658
Growth Determined	May 15	411
Growth, Examine Causes of	Aug. 1	611
Growth in	April 15	298
Improves	Dec. 15	978

	Month	Page
Investigates Growth in	Dec. 15	959
Is Affected by High Temperature	Jan. 15	65
Marker, Old Road Has	Aug. 1	594
Nickel Changes Properties of	May 15	399
Nickel Changes Properties of Gray	June 1	423
Produced by Superheating, High Quality	April 15	298
Refines and Desulphurizes	Aug. 15	658
Retard Growth of	May 15	387
Wants Heat Resistant	Nov. 1	843
Cast Iron Pipe		
Analysis of Metal for	Jan. 1	5
Are Annealed	Jan. 1	5
Bronze Welding	Oct. 1	763
Made in New Jersey in Early Eighties	Jan. 15	51
Method of Making	Jan. 1	4
Casting		
Aluminum and Its Alloys, Observations on	Nov. 1	846
Bronze Gears	April 1	264
Causes Trouble, Contraction of	July 1	529
Cut Corners to Make Single Steel	Oct. 1	769
For Planer Bed is Defective	Oct. 1	785
Leaks Because of Faulty Cores	Oct. 15	817
Losses Tabulated	April 1	265
Methods, Describes Early	Oct. 15	812
Of Light Alloys	Feb. 15	151
Losses, Classifies	May 1	357
Pipe Centrifugally	July 15	564
Return, Pyrometer Aids Good	May 1	347
Sound Aluminum, Gating Is Important in	Nov. 15	891
Stops Crack in Monel	Aug. 15	647
Strained Flask	Oct. 1	772
Warp, Why Does	Sept. 1	*685
Weights, Factors in Finding	Oct. 15	804
Castings		
Aid in Clearing Wreckage	Jan. 1	1
Aid in Controlling Electrical Equipment	Oct. 15	789
Analyzes Four Hundred Tons of Defective	Sept. 15	716
Anticipated Shrinkage in Light	July 15	562
Are Cleaned on Gratings	Feb. 1	84
Are Important Link in Bus Transportation	July 1	507
Are Painted Before Machining	Feb. 1	84
Are Pitted	May 1	350
Are Porous	Aug. 15	643
Are Sold, Chicago Shops Find Where—Chicago Section	May 15	30
Are Used on Flood Lights	Aug. 15	625
Benefited as Styles in Store Fronts Change	April 15	291
Bottle Beverages for Thirsty Multitudes	Dec. 1	911
Bubbles Form on	Aug. 15	664
Coke Causes Leaky	Jan. 15	63
Convey Materials from Place to Place	May 1	333
Defective Mold Cause of Hole in	Jan. 15	78
Dominate Power Project, Giant Steel	Dec. 15	950
Due to Several Causes, Holes in	Jan. 15	71
Ease Man's Labors by Carrying Coal	Feb. 15	121
Facing Produces Pitted Face on	Jan. 15	72
Freight Rates Are Attacked	May 15	408
Give Service When Metals Are Welded	Jan. 15	39
Growth of	June 1	427
Handled Mechanically in French Foundry	Oct. 1	748
Help Carry Iron Ore from Mine to Furnace	July 15	549
Help Dig Tunnel Through Rockies	Sept. 1	667
Help in Smoothing Railroad Traffic	Nov. 15	871
Hold Castings in Annealing Process	June 1	417
Holes Show in	Feb. 1	108
Humanity's Water Supply Depends on	Oct. 1	747
Improve Qualities of	Feb. 15	151
Is Wrong, Weight Classification of	Dec. 15	955
Japanning Aluminum	Sept. 15	740
Losses, Reduce Steel	April 15	307
Machinery Scrap Causes Hard	Oct. 1	787
Made from Superheated Direct Metal	Sept. 15	710
Method of Gating Nonferrous	June 15	496
Open and Close Garage Doors	Nov. 1	829
Pointers on Selling	July 1	508
Prepare Food for Everyman's Table	June 15	457
Proposes Fairer Prices for	June 1	426
Reduction of Defects in Steel	March 15	211
Relieve Drudgery in Harvesting Cranberries	April 1	249
Salesmen Overlook Dignity of Industry	July 1	508
Special Iron Needed for Diesel	Jan. 15	64
Speed Photographs in Telephoto Process	Aug. 1	587
Stops Pores in	Aug. 15	642
Study the Buyer to Sell Your	Nov. 15	872
Support Markers for Directing Traffic	March 15	203
Support Sirens for Industrial Signaling	Sept. 15	709
To Metal Melted, Ratio of Good	April 15	313
Transform Darkness	Aug. 15	625
Used for Store Fronts	April 15	291
Used in Spanning the Atlantic	June 15	471
Weak Sand is Cause of Dirty	Oct. 1	779
Welding Steel	Nov. 15	898
What Causes Common Defects in	May 1	357
What Causes Common Defects in	May 15	403
With Hot Metal, Pour Radiator	July 1	515
Casts		
Aluminum Trays	June 1	443
Iron Pipe in Spinning Green Sand Molds	Jan. 1	5
Large Pipe Centrifugally	Aug. 15	649
Pipe Centrifugally—I	Jan. 15	49
Pipe Centrifugally—II	Feb. 1	102
Catch'em Young, Treat 'em Well, Tell 'em Everything	March 15	204
Causes for Losses in a Steel Foundry	Sept. 1	699
Causes Pinholes	May 1	353
Centrifugal Casting Processes, Reviews Progress in	July 15	564
Centrifugal Castings, Makes	Oct. 1	787
